Mr. President and Gentlemen:

As the delegate of the Craven County Medical Society, I have the pleasure of bidding you a cordial welcome to our town.

Heretofore we have been isolated to a great extent from the rest of the world, but not from science and skilful practice. We can boast of an Osborne, a Custis and a Boyed, besides many others who have done honor to the profession. Some of them still live to meet us on this interesting occasion. Others of them are gathered to their fathers; but, though dead, they yet live—they live in the hearts of their townsmen—they live by their precepts and example. Let us follow their precepts and imitate their example.

Need I add, that I am proud to know, that the blue mountains of the West have at length united with the blue ocean of the East—that the people of North Carolina have become one people, one in feeling, one in interest, and one in the strong ties of affection. Let the bond which unites us as a fraternity be stronger still, and still our object shall be the alleviation of human suffering, the advancement of our profession and the welfare of its votaries.

It is with feelings of exultation that I again welcome you to our town, to the Athens of North Carolina, the home of a Gaston, a Stanley and a Graham—names known in every portion of the State where talent is respected or virtue regarded.

Again, gentlemen, I bid you welcome—welcome to our town, our hospitalities and our homes.

On motion of Dr. S. S. Satchwell, it was decided that the Annual Address, by Dr. J. Graham Tull, of Newberne, be delivered in the Theatre to-morrow evening, at 8½ o'clock, and that the public be invited to attend.

NEWBERN, N. C., May 19th, 1858.

The gentlemen elected permanent members signed the Constitution and By-Laws, and paid the initiation fee.

The President appointed the following acting committees, viz:

On Constitution and By-Laws of Auxiliary Societies: Drs. J. J. Summerell, Wm. G. Hill, James F. McRee, Jr.

On Finance: Drs. R. H. Winborne, Hugh Kelly, C. T. Murphy.

On Nominations: Drs. Edward Warren, M. Whitehead, S. S. Satchwell.

Resolutions introducing new business were called for.

The Secretary read a communication from the Indiana State Medical Society, in relation to an interchange of transactions, which, on motion, was referred to a committee of three.

The following gentlemen were appointed said committee, viz: Drs. Caleb Winslow, Wm. R. King, J. G. Ramsey.

The Secretary also stated that he had, according to instructions, communicated to Dr. W. M. Wright, of Norfolk, Va., his election to honorary membership in the Society, and read a response from that gentlemen in which he returned his thanks for the honor conferred, and his warm wishes for the prosperity of the Society.

Dr. Warren, Editor elect of the Medical Journal, made the following report:

To the Medical Society of the State of North Carolina:

At the last meeting of your body in Edenton, you were kind enough to confer upon me the honor of conducting the Medical Journal, which it was proposed to publish when the names of four hundred subscribers had been obtained.

Sensible of the importance of the trust, I have endeavored to take the steps necessary for its establishment, and to insure its early appearance; but, I regret to say, that my labors

have not been crowned with that success which the importance of the work demanded and my own ardent wishes induced me to anticipate.

After a year of patient industry in the work of procuring subscribers, I am under the painful necessity of reporting that there is still a deficiency of about one hundred names, and that there appears but a slight prospect of procuring a greater number of subscribers. Accompanying this communication, your honorable body will find the book in which the accounts of the Journal has been kept, and in which a statement of its pecuniary affairs appears, which is submitted, with the hope, that it will be examined by the Finance Committee and reported on to the Society.

The Journal can be printed for about eight hundred dollars, but I have been advised by the Editors of other Periodicals, that it would be impolitic to attempt its publication without having a subscripton list which calls for at least twelve hundred dollars. It would give me much pleasure to continue to serve the Society in this connection, but the engrossing nature of my private affairs compels me to surrender the post with which you have so kindly honored me, and to ask you to elect my successor.

Respectfully submitted,

EDWARD WARREN, M. D.

NEWBERNE, N. C., May 19th, 1858.

The President announced the first business in order to be the report from the Committees on Finance and the Medical Journal.

The Committee on Finance made the following report, which was adopted:

To the Medical Society of the State of North Carolina:

The undersigned, Committee on Finance, beg leave to report that they have examined the accounts and vouchers of the Treasurer of this Society, any find them correct. They ascertain that the expenditures of the Society for the past year exceeded its income by about one hundred and seventy-five dollars; the exact amount not being known, as several accounts against the Society have not been presented for payment.

1st. They recommend that an assessment of three dollars be levied upon each permanent member and Auxiliary Society, to defray the expenses of the current year, deeming that amount adequate for all the necessary expenses of the Society.

2d. In consequence of the fact that many members are in arrears for several years, they recommend that the Treasurer be directed to inform, *forthwith*, every delinquent member of the amount of his indebtedness, and to request the payment of the same; and in case any fail to comply with that request, they further recommend that the Society, at its next meeting, take such action against them as the Constitution and By-Laws require.

Respectfully submitted,

R. H. WINBORNE, Chm'n.

NEWBERNE, N. C., May 20th, 1858.

The Committee on Medical Journal made the following report, which was adopted:

To the Medical Society of the State of North Carolina:

The Committee on the Medical Journal beg leave to report, that, upon investigation, they find it will be necessary to raise the sum of twelve hundred dollars, before the Journal can be published.

To raise this sum we have about three hundred subscribers, which, at $3 for each, will amount to $900—leaving the sum of $300 to be raised immediately by the Society.

We recommend that the present plan of publishing the Transactions of the Society be abolished, and that they be published in the Journal, and that the entire sum remaining in the Treasury, after the liquidation of the necessary annual

expenses of the Society, be paid by the Treasurer to the Editor of the Journal; and, moreover, that the Society pledge itself to the support of the Journal for twelve months.

Respectfully submitted, P. E. HINES, Chm'n.

NEWBERNE, N. C., May 20th, 1858.

On motion of Dr. Satchwell, the Society resolved itself into a committee of the whole on the Medical Journal, Dr. A. B. Pierce in the Chair.

Dr. Thomas proposed to become one of sixty to give $5, to raise a sum sufficient to place the publication of the Journal beyond peradventure, which was responded to by a large number of those present.

A lively interest was manifested by the members generally in the establishment of the Journal. A gratifying determination animated the Society that it should be started upon a permanent basis. Short and eloquent speeches were made in the progress of these voluntary contributions, and a laudible spirit prevailed in favor of the publication of the Journal.

The Committee rose and reported progress, and the Society resumed its regular order of business, the President, Dr. McKee, taking the Chair.

The Committee on Constitution and By-Laws made an additional report, as follows:

To the Medical Society of the State of North Carolina:

The Committee on Constitution and By-Laws beg leave to report, that they have examined the Constitution and By-Laws of the Craven County Medical Society, and find therein nothing inconsistent with the Constitution and By-Laws of the State Society.

We recommend, therefore, that the Craven County Society be admitted as Auxiliary to the State Society.

NEWBERNE, N. C., May 20th, 1858.

Dr. Wm. G. Hill announced the death of Drs. Henry Seawell and A. H. Taylor, of Wake county, and offered the following resolutions, which were adopted:

WHEREAS, In the dispensation of Divine Providence, death has removed, since our last annual meeting, our esteemed fellow-members, Drs. Henry Seawell and A. H. Taylor of Wake county, who were associated with us in our efforts for the promotion of Medical Science, and the elevation of the Medical profession. Therefore,
